

## **THE ARMS TRADE TREATY**

### **REPORTING TEMPLATE**

#### **ANNUAL REPORT IN ACCORDANCE WITH ARTICLE 13(3) - EXPORTS AND IMPORTS OF CONVENTIONAL ARMS COVERED UNDER ARTICLE 2 (1)**

This provisional template is intended for use by States Parties to the Arms Trade Treaty when preparing their annual report in accordance with the Treaty's Article 13(3).

The template has two main tables, one for exports and the other for imports. The tables are similar in construction, making it possible to have a common set of explanatory notes for both.

Article 5(3) of the Treaty states that "National definitions of any of the categories covered under Article 2 (1) (a)-(g) shall not cover less than the descriptions used in the United Nations Register of Conventional Arms at the time of entry into force of this Treaty". Against this background, Annex 1 reproduces the UN Register Definitions of Categories I-VII at the time of the ATT's entry into force. For category VIII (small arms and light weapons), the UN Register template for voluntary reporting of this category at the time of the ATT's entry into force has been employed as an approximation.

Annex 2 allows reporting States Parties to, if they so wish, include more specific information on national definitions of reported categories.

Annex 3 comprises two templates for nil reports, one for exports and one for imports. They may be used in place of a report in table format if a States Party has no transactions to report.

The title page of the template contains information on the submitting country and authority, but also a 'table of contents' in tick-box form, to indicate which of the different available forms have been included in the national submission. There is also a section where the reporting Government may indicate whether any commercially sensitive and/or national security-related data has been withheld in accordance with Article 13.3 of the Treaty

On the title page of each of the four reporting forms (exports, imports, nil exports, nil imports) a State Party needs to indicate whether the form may be made publicly available in order to instruct the ATT Secretariat where to upload the report on the ATT website. This makes it possible to restrict access to some forms but not others, which provides an additional measure of flexibility to the reporting States Party.

Guidance to facilitate the preparation of the annual report can be found in the document "[Reporting Authorized or Actual Exports and Imports of Conventional Arms under the ATT](#)" (hereinafter: 'FAQ'-type guidance document on the annual reporting obligation), which is available in the [Tools and Guidelines section](#) of the ATT website. This document was endorsed by States Parties at CSP3 as an informative and open-ended reference document for States Parties when preparing their annual report. At CSP5 States Parties endorsed a number of amendments that were necessary to reflect the introduction of the online reporting tool.
