

Arms Trade Treaty  
**Fifth Conference of States Parties**  
Geneva, 26 – 30 August 2019

**REPORT ON THE WORK OF THE ATT VOLUNTARY TRUST FUND (VTF)  
FOR THE PERIOD AUGUST 2018 TO AUGUST 2019**

**INTRODUCTION**

1. This report is submitted by the ATT Voluntary Trust Fund (VTF) in accordance with its reporting obligations to the Conference of States Parties as contemplated in the VTF Terms of Reference and VTF Administrative Rules.
2. The report is subdivided into four parts:
  - a. Background.
  - b. Status of VTF operations.
  - c. Status of tasks allocated by CSP4.
  - d. Recommendations to CSP5.

**I. BACKGROUND**

3. The VTF is a flexible multi-donor Fund that supports States in implementing their obligations under the Treaty through the deposit and disbursement of funds. The VTF was established by the Second Conference of States Parties pursuant to Article 16(3) of the Treaty to operate under its approved Terms of Reference (ATT/VTF18/2018/SEC/251/ToR.Cons.Dr.v1.Rev1) as amended at CSP4.
4. In accordance with Article 6 of the approved VTF Terms of Reference, the Fourth Conference of States Parties appointed *Australia, Chile, Finland, Germany, Japan, Madagascar, Mauritius, Mexico, New Zealand, Norway, South Africa, Sweden, Switzerland, the Netherlands* and the *United Kingdom* to serve on the Selection Committee of the VTF for two years, from the Fourth Conference of States Parties to the Sixth Conference of States Parties (eligible for reappointment).
5. On 24 August 2018, immediately after the closure of CSP4, the VTF Selection Committee met and selected Ambassador Peter BEERWERTH of Germany to serve as Chairperson until the Fifth Conference of States Parties and Ambassador Dell HIGGIE of New Zealand to serve as Chairperson from the Fifth to the Sixth Conference of States Parties.
6. Article 5 of the VTF Terms of Reference provides that the VTF shall be administered by the ATT Secretariat with the support of the VTF Selection Committee. The VTF Administrative Rules (which are

founded on the VTF Terms of Reference) set out, in detail, the distinct yet complementary roles of the ATT Secretariat and the VTF Selection Committee with respect to the functioning of the VTF.

## II. STATUS OF VTF OPERATIONS

### FINANCIAL STATUS OF THE VTF

7. Since its first call for contributions in 2016, the VTF has received USD 8,118,758 in voluntary financial contributions from 20 States, namely: Argentina, Australia, Austria, Bulgaria, Cyprus, the Czech Republic, Finland, France, Government of Flanders (Belgium), Germany, Ireland, Japan, Mexico, the Netherlands, New Zealand, Norway, Spain, Sweden, Switzerland and the United Kingdom. This includes contributions specifically earmarked for VTF outreach activities from Germany and New Zealand.<sup>1</sup> The breakdown of received financial contributions is reflected in Annex A.

8. The financial contributions that were received provided a sound basis for the first (2017), second (2018) and third (2019) VTF projects cycles.

9. Of the contributions received by the VTF, a total of USD 1,210,149 were committed to the implementation of projects approved for the first VTF (2017) cycle, USD 736,809<sup>2</sup> were committed for projects in the second VTF (2018) cycle and a further USD 1,999,128 have thus far been allocated to the implementation of projects approved for the third (2019) VTF cycle, subject to finalisation of Grant Agreements.

### STATUS OF VTF PROJECTS

10. Since the VTF was established by CSP2, the Chairperson of the VTF Selection Committee issued three calls for project proposals for three project cycles: the first VTF cycle (2017), the second VTF cycle (2018) and the third VTF cycle (2019). The first 'Call for Project Proposals' was issued on 20 December 2016, inviting States to submit applications to the Fund during the period 03 January – 31 March 2017. The second 'Call for Project Proposals' was issued on 02 October 2017, inviting States to submit applications during the period 09 October 2017 - 08 January 2018. The third 'Call for Project Proposals' was issued on 08 October 2018, inviting States to submit applications during the period 15 October 2018 - 16 January 2019.

#### *First VTF cycle (2017)*

11. As reported at CSP3, the VTF Selection Committee approved 17 projects for funding in the first (2017) VTF cycle. Following the withdrawal of two applications, 15 VTF projects were implemented upon conclusion of Grant Agreements with the ATT Secretariat. By the conclusion of this report all 15 VTF projects had been completed. Annex B provides an overview of 2017 VTF projects approved and Annex C provides an overview of the status of 2017 VTF projects. Upon verification, all final reports of the 2017 VTF projects will be made available on the VTF page of the ATT website.

---

<sup>1</sup> In addition, the Republic of Korea has pledged a further contribution to the VTF.

<sup>2</sup> Following the withdrawal of Chad's application to the 2018 cycle, this figure was reduced from USD 834,803.

**Second VTF cycle (2018)**

12. As reported at CSP4, the VTF Selection Committee approved 10 projects for funding in the second (2018) VTF cycle. Following the withdrawal of one application, 9 VTF projects have been implemented upon conclusion of Grant Agreements with the ATT Secretariat. By the conclusion of this report three (3) VTF projects had been completed, with the remainder to be concluded by January 2020. Annex D provides an overview of 2018 VTF projects approved and Annex E provides an overview of the status of 2018 VTF projects. Upon finalization, the final reports of the VTF projects will be made available on the VTF page of the ATT website.

**Third VTF cycle (2019)**

13. By the closing date of 16 January 2019, the ATT Secretariat - the administrator of the VTF – received 39 applications from 30 different States. In accordance with its mandate, the ATT Secretariat conducted the pre-screening exercise on the received applications and, in accordance with previous practice, gave concerned States the opportunity to address certain errors in their project proposals. The ATT Secretariat subsequently prepared a report shortlisting 39 eligible applications for consideration by the VTF Selection Committee.

14. The VTF Selection Committee met on 09 April 2019 to review and consider the shortlisted applications by applying the ‘VTF Guidance for the Selection Process’, which had been developed by the VTF Selection Committee with a view to assessing the merits and quality of project proposals. Based on its Guidance for the VTF Selection Process, the VTF Selection Committee provisionally approved 22 projects for VTF funding, subject to further clarification.

15. At the end of the selection process, the VTF Selection Committee approved a total of 20 projects involving 19 States for VTF funding in the 2019 cycle. The overview of the approved projects for the 2019 VTF cycle is provided in Annex F.

16. The ATT Secretariat communicated the VTF Selection Committee’s decisions to all applicants, notifying them of the outcomes of their applications to the Fund and subsequently started to conclude Grant Agreements respectively with the successful applicants (Grant recipients) in June and July 2019. By the date of this report, the ATT Secretariat had signed Grant Agreements with seven (7) Grant recipients for the 2019 VTF cycle and released the first instalment of funds to each recipient according to the terms of the signed Grant Agreements.

**Fourth VTF cycle (2020)**

17. Based on the positive experience of the previous three VTF project cycle (2017, 2018 and 2019), it is envisaged that the fourth VTF project cycle (2020) will be structured along similar lines. To that end, the fourth ‘Call for Project Proposals’ is planned for October 2019 inviting States to submit applications to the Fund by January 2020.

18. In implementing the Guidance for the VTF Selection Process the Selection Committee decided at its April 2019 meeting that from the 2020 VTF cycle onwards, any proposal received from an applicant State, who has been in arrears with its financial contributions for two or more years (in accordance with Rule 8 of the ATT Financial Rules) at the date of the deadline for VTF applications, is unlikely to be given positive consideration by the VTF Selection Committee. The VTF Selection Committee further decided that this information will be made visible on the VTF page of the ATT website as well as on VTF Calls for Projects Proposals.

**ACTIVITIES OF THE VTF SELECTION COMMITTEE BETWEEN CSP4 AND CSP5**

19. In accordance with past practice, the VTF Selection Committee adopted the document 'VTF Tasks and Timeline: 2018/2019' to guide its work in terms of expected deliverables and timing of such deliverables (see Annex G).

20. With due regard to the lessons learnt so far, it was noted in the VTF Report to CSP4 (ATT/VTF/2018/CHAIR/359/Conf.Rep) that the VTF Selection Committee planned to develop further guidance material for the elaboration of VTF project proposals in order to further improve the VTF's effectiveness in supporting Treaty implementation. The VTF Selection Committee also planned to develop *Guidance for VTF Project Evaluation* and to foster trust of VTF donors. Accordingly, the VTF Selection Committee elaborated such 'Guidance for VTF Project Evaluation' to better assess the results of VTF-funded projects.

### III. STATUS OF VTF TASKS ALLOCATED BY CSP4

21. At its plenary session from 20-24 August 2018 the Conference of States Parties took the following decisions:

- a. Adopted the amendments to the VTF Terms of Reference as contained in the document referenced ATT/VTF18/2018/SEC/251/ToR.Cons.Dr.v1.Rev1.
- b. Noted the 'Guidance for the Selection of Project Proposals' as contained in the document referenced ATT/VTF18/2018/CHAIR/315/SCGuidance.
- c. Welcomed the plan for the VTF to conduct further work to improve its process through, amongst other things, the development of 'Guidance for VTF Project Evaluation' and further guidance material for potential VTF applicants.
- d. Welcomed the decision for the VTF to undertake further outreach activities to promote the VTF in the period leading up to the Fifth Conference of States Parties.

22. Since CSP4, the documents referred to in paragraph 21 (a) (amended VTF Terms of Reference) and paragraph 21 (b) ('Guidance for the Selection of Project Proposals') are now in use. The status of implementation of tasks set out in paragraph 21 (c) ('Guidance for the VTF Project Evaluation') and paragraph 20 (d) (VTF outreach activities) is described below.

#### **Guidance for the VTF Project Evaluation**

23. The VTF Terms of Reference (paragraph 13) set out that the ATT Secretariat will evaluate reports on the implementation of VTF projects by beneficiaries and report to the Conference of States Parties via the Selection Committee on the outcomes of the projects. Accordingly, a 'Guidance for VTF Project Evaluation' was developed to help the ATT Secretariat, with the support of the VTF Selection Committee, to assess whether the VTF funded projects have met their set objectives. A copy of this document is provided in Annex H.

#### **VTF Outreach Activities**

24. In line with the VTF Outreach Strategy, a number of outreach activities were undertaken in the reporting period. Representatives of the VTF Chair and members of the ATT Secretariat participated in several regional ATT conferences and training events. These included UNGA First Committee in New York in October 2018, as well as events organized by Mexico (Mexico City), Georgia and the European Union (Tbilisi), Senegal (Dakar), Thailand and ASEAN (Bangkok), Australia and New Zealand (Brisbane),

GCSP (Geneva), Latvia and Control Arms (Riga), Jamaica and the European Union (Kingston), Kazakhstan (Nur-Sultan), Commonwealth Secretariat and Small Arms Survey (Geneva), VTF 2018 Outreach Day (Geneva). In addition, members of the ATT Secretariat attended a meeting of the EU COARM in May 2019 in order to brief participants on the operations of the VTF and collaboration with EU-ATT Outreach Project.

#### IV. RECOMMENDATIONS

25. With due regard to the lessons learnt during the 2017, 2018 and 2019 cycle of VTF projects and the desire to further improve the effectiveness of the VTF, the following recommendations are presented for consideration and endorsement by the Fifth Conference of States Parties:

- a. Report on the work of the VTF August 2018-July 2019. It is recommended that CSP5 takes note of this report.
- b. Guidance for the VTF Project Evaluation. It is recommended that CSP5 takes note of the Guidance for the VTF Project Evaluation (see Annex H).
- c. Outreach Activities. It is recommended that CSP5 welcomes the fact that the VTF will undertake further outreach activities in the period leading up to CSP6.

## ANNEX H. GUIDANCE FOR THE VTF PROJECT EVALUATION

### INTRODUCTION

Article 13 of the VTF Terms of Reference provides that the ATT Secretariat will evaluate reports on the implementation of VTF projects by beneficiaries and report to the Conference of States Parties via the Selection Committee on the outcomes of the projects. Furthermore, article 16 of the Terms of Reference provides that the ATT Secretariat shall ensure appropriate monitoring and evaluation of VTF projects.

This document provides guidelines for the evaluation of completed VTF projects by the ATT Secretariat thereby facilitating continuous improvement of the VTF as an effective and efficient Treaty implementation support tool. The VTF project evaluation process is one phase of the VTF project cycle and shall be coherent with other phases of the VTF project cycle, namely the call for project proposals, analysis and selection of project proposals, negotiation of grant agreements, and project monitoring and reporting (see Diagram 1).

**Diagram 1. VTF Project Cycle**

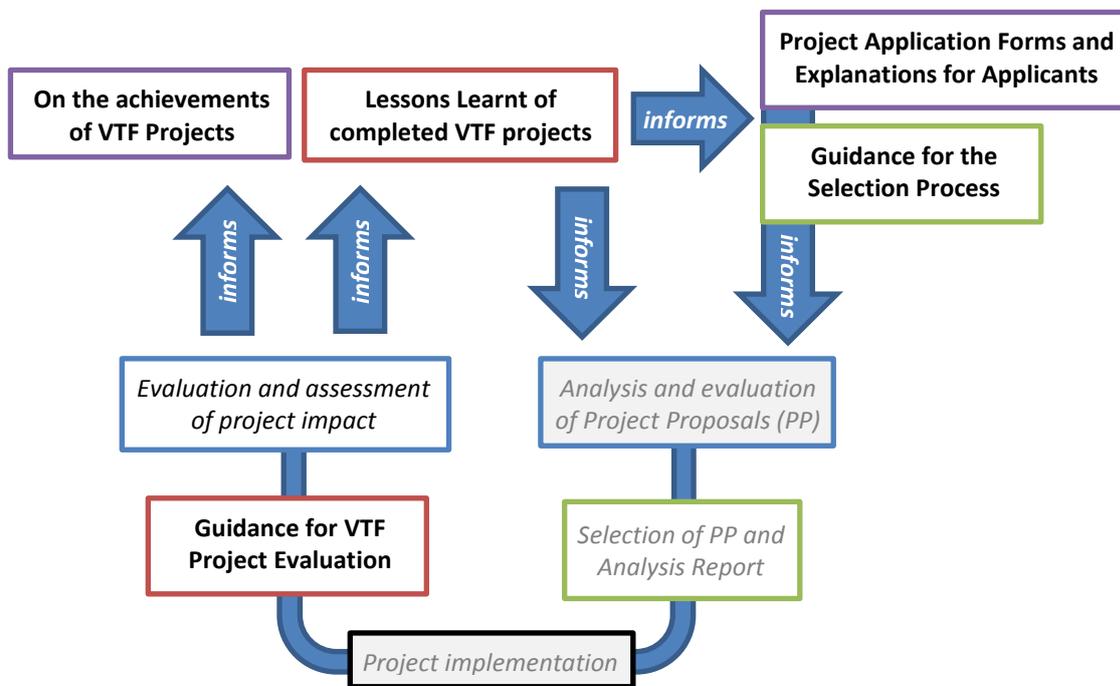

## OBJECTIVES

The primary objective of the *Guidance for VTF Project Evaluation* is to help the ATT Secretariat assess whether each project funded by the VTF has been implemented in an efficient and effective way and has met the goals and objectives set by the applicant State. The other objective of the *Guidance for VTF Project Evaluation* is to facilitate the effective allocation of resources based on “lessons learnt” regarding the management and outcomes of completed VTF projects.

In summary, the *Guidance for VTF Project Evaluation* is designed to assist in achieving the following:

1. **Transparency and accountability:** Facilitate reporting on the achievements of VTF projects in a transparent manner.
2. **Assist in the effective allocation of resources:** Facilitate the evaluation of and decision-making on subsequent VTF project proposals.
3. **Improve quality of projects:** Contribute to the VTF set of documents assisting states in designing and preparing VTF project proposals.

**Diagram 2. VTF Process Linkages**

## THE PROJECT EVALUATION PROCESS

Each VTF project will be evaluated by the ATT Secretariat following its completion based on the annexed matrix of indicators.

Main sources of information for the project evaluation will include:

- All project reports (including interim and final reports) and comparison with the Grant Application Form/Detailed Budget Form/Grant Agreement
- Project deliverables (e.g. training material, (draft) national control list, (draft) legislation)
- Audit reports (if applicable)
- Project visits (in case of participation by representatives of the ATT Secretariat/VTF Selection Committee Chair/members)

- Initial and annual ATT reports in accordance with Article 13 (if applicable)
- Feedback from event participants (in case of seminars, workshops, etc.)

**Elements for the Evaluation of VTF Projects:**

VTF Projects shall be evaluated in two dimensions, namely: 1) project management, and 2) project deliverables.

1. Project **management** will focus on the interaction with the Grant recipient and, if applicable, the project implementing partner. Areas to be assessed may include timeliness and comprehensiveness of project reporting, responsiveness and evaluation of the project spending.
2. Project **deliverables** will focus on the project outputs or immediate results.

In due course and based on “lessons learnt”, the *Guidance for VTF Project Evaluation* will be considered for extension to cover the long-term impact of VTF projects.
