

Arms Trade Treaty

**Seventh Conference of States Parties**

Geneva, 30 August – 03 September 2021

**REPORT ON THE WORK OF THE ATT VOLUNTARY TRUST FUND (VTF)  
FOR THE PERIOD AUGUST 2020 TO AUGUST 2021**

**INTRODUCTION**

1. This report is submitted by the ATT Secretariat, as administrator of the Voluntary Trust Fund (VTF), in accordance with its reporting obligations to the Conference of States Parties as contemplated in the VTF Terms of Reference and VTF Administrative Rules.
2. The report is subdivided into four parts:
  - a. Background.
  - b. Status of VTF operations.
  - c. Status of tasks allocated by CSP5 and CSP6.
  - d. Looking forward.

**I. BACKGROUND**

3. The VTF is a flexible multi-donor Fund that supports States in implementing their obligations under the Treaty through the deposit and disbursement of funds. The VTF was established by the Second Conference of States Parties pursuant to Article 16(3) of the Treaty to operate under its approved Terms of Reference (ATT/VTF18/2018/SEC/251/ToR.Cons.Dr.v1.Rev1) as amended at CSP4.
4. In accordance with Article 6 of the approved VTF Terms of Reference, the Sixth Conference of States Parties appointed *Albania, Australia, Canada, Finland, Germany, Japan, Madagascar, Mexico, New Zealand, Republic of Korea, South Africa, Sweden, Switzerland* and the *United Kingdom* to serve on the Selection Committee of the VTF for two years, from the Sixth Conference of States Parties to the Eighth Conference of States Parties (eligible for reappointment). Following the Conference, the Netherlands was also appointed to serve on the VTF Selection Committee via silence procedure.
5. On 11 September 2020, the VTF Selection Committee selected Ambassador Dell HIGGIE of New Zealand to serve as Chairperson until the Eighth Conference of States Parties.
6. Article 5 of the VTF Terms of Reference provides that the VTF shall be administered by the ATT Secretariat with the support of the VTF Selection Committee. The VTF Administrative Rules (which are founded on the VTF Terms of Reference) set out, in detail, the distinct yet complementary roles of the ATT Secretariat and the VTF Selection Committee with respect to the functioning of the VTF.

## II. STATUS OF VTF OPERATIONS

### FINANCIAL STATUS OF THE VTF

7. Since its first call for contributions in 2016, the VTF has received USD 10'109'584.5 in voluntary financial contributions from 28 States. This includes contributions specifically earmarked for VTF outreach activities from Germany and New Zealand. The breakdown of received financial contributions is reflected in Annex A.

8. The financial contributions received provided a sound basis for the first (2017), second (2018), third (2019), fourth (2020) and fifth (2021) VTF projects cycles.

9. Of the contributions received by the VTF, a total of USD 1'198'899 was used for projects approved for the first VTF (2017) cycle, USD 674'837 was used for projects in the second VTF (2018) cycle, USD 1'911'288 were committed for the projects of the third VTF (2019) cycle, USD 884'080 were committed for the projects of the fourth VTF (2020) cycle and a further USD 1'262'716 have thus far been allocated to the implementation of projects approved for the fifth (2021) VTF cycle, subject to the finalisation of Grant Agreements.

### STATUS OF VTF PROJECTS

10. Since the VTF was established by CSP2 in 2016, five calls for project proposals have been issued from the first VTF cycle (2017) to the fifth VTF cycle (2021). The fifth 'Call for Project Proposals' was issued on 02 December 2020, inviting States to submit applications during the period 02 December 2020 – 12 February 2021.

#### *First (2017) and Second (2018) VTF cycle*

11. The VTF funded 15 projects in the first (2017) VTF cycle and 9 projects in the second (2018) VTF cycle. Annex B and C provide an overview completed VTF projects for 2017 and 2018. All final reports of the completed projects are available on the VTF page of the ATT website.

#### *Third VTF cycle (2019)*

12. As reported to CSP5, the VTF Selection Committee approved 20 projects for funding in the second (2019) VTF cycle. Following the withdrawal of one application, 19 VTF projects were implemented upon conclusion of Grant Agreements with the ATT Secretariat. By the conclusion of this report, eight (8) VTF projects had been completed and one (1) VTF project had been discontinued due to the political situation. Annex D provides an overview of 2019 VTF projects approved and Annex E provides an overview of the status of 2019 VTF projects.

13. As a consequence of COVID-19 outbreak, all incomplete projects from the 2019 VTF cycle have been forced to suspend their project activities, and have been granted extensions of time to complete their project activities.

14. Accordingly, while the 2019 VTF-funded projects were scheduled for implementation between June 2019 and June 2021, the end of the cycle is now projected to be October 2021 at the latest. Upon finalization, the final reports of the VTF projects will be made available on the VTF page of the ATT website.

#### *Fourth VTF Cycle (2020)*

15. As reported to CSP6, the VTF Selection Committee approved 10 projects for funding in the fourth (2020) VTF cycle. Following the withdrawal of one application, nine (9) VTF projects were

implemented upon conclusion of Grant Agreements with the ATT Secretariat. Annex F provides an overview of 2020 VTF projects approved and Annex G provides an overview of the status of 2020 VTF projects.

### ***Fifth VTF Cycle (2021)***

16. By the closing date of 12 February 2021, the ATT Secretariat received 21 applications from 20 different States. In accordance with its mandate, the ATT Secretariat conducted the pre-screening exercise on the received applications and, in line with previous practice, gave concerned States the opportunity to address certain administrative errors in their project proposals.

17. The VTF Selection Committee met virtually on 27 May 2021 to review and consider the shortlisted applications by applying the VTF criteria set out in the VTF Terms of Reference with a view to assessing the merits and quality of project proposals. The VTF Selection Committee provisionally approved 13 projects for VTF funding, subject to further clarification of certain aspects and negotiation of grant agreements.

18. The 13 provisionally approved projects involve 13 States. The overview of the provisionally approved projects for the 2021 VTF cycle is provided in Annex H. The ATT Secretariat communicated the VTF Selection Committee's decisions to all applicants, notifying them of the outcomes of their applications to the Fund and is in the process of negotiating Grant Agreements with the successful applicants.

19. As part of the contracting process, grantees will be required to provide a COVID-19 risk-mitigation strategy that sets out the measures they will implement to ensure their project meets their government's health and safety guidelines associated with COVID-19 and/or aligns with the World Health Organisation (WHO) guidelines (e.g. social distancing during scheduled meetings; limited number of participants; access to hand sanitizer and/or the wearing of masks etc).

20. It is expected that the 2021 VTF projects will commence activities in August 2021, at the earliest.

### ***Sixth VTF cycle (2022)***

21. Subject to developments regarding COVID-19, it is envisaged that the sixth VTF project cycle (2022) will be structured along similar lines to the previous VTF project cycles, with a call for proposals to be issued in October 2021 with a deadline of mid-January 2022.

### **ACTIVITIES OF THE VTF SELECTION COMMITTEE BETWEEN CSP6 AND CSP7**

22. In accordance with the past practice, the VTF Selection Committee agreed on the document 'VTF Tasks and Timeline 2020/2021' to guide its work in terms of expected deliverables and timing of such deliverables (see Annex I).

23. As announced by the Chairperson of the VTF Selection Committee during CSP5, part of the funds contributed by New Zealand to the VTF Outreach Programme was used to fund instructional videos to help applicants complete and submit quality applications to the VTF. The videos were made publicly available on the dedicated VTF webpage on the ATT website.

### III. STATUS OF VTF TASKS ALLOCATED BY CSP5 and CSP6

24. At its plenary session from 26-30 August 2019, the Fifth Conference of States Parties took the following decisions:

- a. Noted the 'Guidance for VTF Project Evaluation' as contained in Annex H of the VTF Report to CSP5 referenced ATT/VTF/2019/CHAIR/531/Conf.Rep.
- b. Welcomed the decision for the VTF to undertake further outreach activities to promote the VTF in the period leading up to the Sixth Conference of States Parties.

25. The status of implementation of the above tasks is described below.

#### Guidance for the VTF Project Evaluation

26. The VTF Terms of Reference (paragraph 13) set out that the ATT Secretariat will evaluate reports on the implementation of VTF projects by beneficiaries. Accordingly, a 'Guidance for VTF Project Evaluation' was developed to help the ATT Secretariat to assess whether the VTF funded projects have met their set objectives. The evaluation of projects is orientated towards completed projects. The 2017 projects were concluded by the end of 2019 and it was planned that a selected sample will be evaluated in 2020. This plan was unexpectedly disrupted by the COVID-19 outbreak. The evaluation of the 2017 completed projects is planned to commence after CSP7.

#### VTF Outreach Activities

27. In line with the VTF Outreach Strategy, a number of outreach activities were undertaken in the reporting period. A member of the ATT Secretariat participated in the virtual side event organised by Stockholm International Peace Research Institute (SIPRI) in April 2021, and a representative of the VTF Chair and the ATT Secretariat participated in the ATT virtual course organized by GCSP in April 2021. As a result of COVID-19 restrictions, additional outreach activities could not be carried out. The VTF Chairperson, with the assistance of the ATT Secretariat, developed a series of instructional videos to help applicants complete and submit quality applications to the VTF, which are accessible on the VTF webpage on the ATT website.

### IV. LOOKING FORWARD

28. Noting the potential impact of the ongoing situation regarding COVID-19 on its activities, in the period up to CSP8, the VTF will endeavour to:

- a. Undertake further VTF outreach activities, in line with the VTF Outreach Strategy.
- b. Promote the submission of VTF project applications that contribute to Treaty implementation as well as Treaty universalisation.
- c. Provide assistance to States to improve the quality of VTF applications, with the intended goal of enabling more proposals that meet the eligibility and selection criteria for VTF funding by utilizing appropriate assistance material, including instructional videos to assist potential VTF applicants.
- d. Evaluate completed VTF projects, in line with the 'Guidance for VTF Project Evaluation', and report to future CSPs.

\*\*\*

**ANNEX A. FINANCIAL STATUS OF THE VTF (As of 20 July 2021)**

<b>Contributions to VTF Projects</b>
