

CSP5 SIDE EVENT**Wednesday, 28 August**

Title:	Preventing diversion throughout the life-cycle
Organizer:	Humanium Metal, Small Arms Survey, and UNIDIR
Room:	Room 6
Speakers:	Rachel Stohl (Stimson Center), Sebastian Wilkin (UNIDIR), Robert Kondor (Dynamit Nobel), Dina Martinez (Fundación de Estudios Para la Aplicación del Derecho), Peter Brune (Humanium Metal Advisory Board)
Start time:	<i>13.15; Lunch provided</i>
Language:	<i>English (one panellist will present in Spanish)</i>
Focal point:	Jacqueline Duerre (jacqueline.duerre@imsweden.org)
Description:	<p>This side event will provide space for a discussion on the contributions that can be made by industry, governments and non-governmental organizations to prevent the diversion of conventional arms throughout the life-cycle, from manufacture to disposal. Panelists will introduce specific examples of measures that can be taken to mitigate the risk of diversion at different stages in the transfer chain. The panel will bring together experts from diverse fields, including international acknowledged experts on diversion, a producer and civil society actors that will present tangible solutions to improved measures against diversion.</p>
