The Arms Trade Treaty Secretariat and the European Union invite you to a side event on:

# Launch of the Arms Trade Treaty National Point of Contact Guidance Document

**Tuesday, 23 August 2022**  
**13.15 – 14.15**

The Arms Trade Treaty (ATT) Secretariat is currently implementing The Arms Trade Treaty Implementation Support Project (ATT-ISP), which is funded by the European Union. This project seeks, inter alia, to build the capacity of States Parties National Point(s) of Contact, including through increasing their knowledge of ATT obligations and raising their awareness with respect to ATT process developments. To this end, the ATT Secretariat has developed the ATT NPC Guidance Document which seeks to provide guidance on the role and tasks of National Points of Contact (NPCs) to exchange information on matters related to implementation of the Arms Trade Treaty.

This event is aimed at all NPCs, those aspiring to be NPCs, and those wishing to better understand the role of the NPC. Existing NPCs will provide an insight into the challenges and opportunities they have come across whilst undertaking this important responsibility, and how they see the NPC Guidance Document assisting their efforts..

#### Panelists

- Mr. Michal ADAMOWICZ, Deputy Chair of COARM, Disarmament, Non-proliferation and Arms Export Control, EEAS
