**Working Group on Effective Treaty Implementation (WGETI), Sub-working Group on Article 11
: Draft paper on the elements of a process for assessing the risk of diversion**

In the page 3, under paragraph 5, Second bullet point:

The term “**customs**” includes twice, so one of them should be deleted.

5. Verify the details provided in the application for export authorization to contribute to the prevention of diversion as part of a comprehensive, consistent, and objective case-by-case export risk assessment
