Control Arms, the Geneva Centre for Security Policy (GCSP), and the Stockholm International Peace Research Institute (SIPRI) invite you to a side event to discuss:

ATT Implementation and Universalisation in the Middle East and North Africa Region

Wednesday 30 January 2019
13.15 – 14.45
Kruzel Hall, WMO building 2nd floor

This side event will explore available assistance in support of the universalization and implementation of the ATT in the Middle East and North Africa. As the region with the lowest universalization rate, this side event will discuss potential strategies towards the ratification and effective implementation of the Treaty among MENA states. It will explore recent progress made towards these goals and will highlight lessons learned and practical steps that can be taken to further this progress. This includes a presentation of the online database for ATT-related cooperation and assistance activities developed by SIPRI, which has recently been expanded to cover states in the MENA region, as well as ATT-related training activities developed by the GCSP.

Panellists include:

- Ms Anna Macdonald - Control Arms (Moderator)
- Ms Giovanna Maletta - Stockholm International Peace Research Institute (SIPRI)
- Mr Fadi Abi Allam - Delegation of Lebanon
- Mr Marc Finaud - Geneva Centre for Security Policy (GCSP)

A light lunch will be provided

**ATT Working Group meetings and First CSP5 Informal Preparatory Meeting
Geneva, Switzerland – 29 January - 01 February 2019**
