The State of Palestine regrets the “Explanation of position on the “State of Palestine”” issued by Czech Republic, Kingdom of Netherlands, and Germany regarding their national positions towards the State of Palestine. The State of Palestine expresses its deep concern towards their continued attempts to politicize the work of the Arms Trade Treaty. The State of Palestine reiterates that such statements contradict the aims and objectives of the Arms Trade Treaty and hinder its effective implementation and universalization.

As a State Party to the Arms Trade Treaty and many other international treaties, the State of Palestine will remain an active and engaged member of the international community. The State of Palestine will exercise its rights as a State Party to the ATT and honor its obligations with respect to all other States Parties. Likewise, the State of Palestine expects that other States Parties will also act within the confines of their rights and obligations under the treaty, respecting its mandate and other State Parties.
