

The Geneva International Centre for Humanitarian Demining (GICHD), the Mines Advisory Group (MAG) and the Stockholm International Peace Research Institute (SIPRI) cordially invite you to a side event on

**PSSM ASSISTANCE AND POST-SHIPMENT CONTROLS  
IN THE CONTEXT OF THE ATT**

*Thursday, 25 August, 13.15–14.45 CEST  
International Conference Centre Geneva (CICG)—Room E*

The Seventh Conference of States Parties (CSP7) to the Arms Trade Treaty (ATT) emphasized the importance of effective arms and ammunition management practices to the prevention of diversion, which is among the key objectives of the treaty. With this event on the margin of CSP8, the GICHD, MAG and SIPRI seek to continue and further develop these discussions by highlighting new research and projects that aim to support the improved implementation of physical security and stockpile management (PSSM) assistance and post-delivery control and cooperation measures.
